### Compete with Confidence

*"All too often companies underestimate the time required to work through the regulatory process. LawIQ has built a valuable platform for companies to benchmark their projects against over 10 years of precedent...and build projects based on hard data, not wishes."*

—Jeff Wright  
Former Director  
FERC Office of Energy Projects

*"I don't need more data – I need actionable intelligence that provides me a competitive advantage across my projects' life cycles from origination to execution. LawIQ provides me a big advantage over my competition."*

—Mike Debock  
Former Executive Director  
NextEra Energy

For the first time, millions of legal, regulatory and financial filings are available in one, intuitive platform.
